Creator of acoustic & decorative solutions

ACOUSTIC WALLCOVERING

3 LINES OF ACOUSTIC WALLCOVERINGS FOR COMFORT AND ELEGANCE

Specifically designed by Texdecor to improve the comfort level in both public and private areas :

Eos : a textile wallcovering with a high-quality faux-suede mounted on high absorbent foam backing

Signature : combining acoustic comfort and the aesthetic beauty of fine jersey knitwear, Signature is a line of tactile and visual acoustic products, blending sensorial comfort with harmonious and distinguished decor

Vinacoustic : a coated micro-perforated vinyl on an acoustic felt-lined backing, high impact resistance, easy-care and hygienic, rapidhanging and simplified wall preparation

DIFFERENT FINISHES AND COMPLEMENTARY DECORS ARE AVAILABLE TO ADAPT TO THE TYPE OF USE, THE AMBIANCE AND THE BUDGET OF EACH PROJECT

Their acoustic performances of α_w / NRC 0.25 to 0.40, enable them to effectively treat resonance problems commonly encountered in different types of areas. The improvement : 25% to 40% reduction in sound reverberation phenomena.

These wallcoverings comply with both the acoustic regulations in force in new buildings and the voluntary measures to improve the comfort and functionality of renovated buildings. The design meets the requirements of buildings with high footfall: durable and easy to maintain.

Designed for :

Hotels - Restaurants - Workspaces - Conference rooms - Communal areas - Corporate restaurants - Retirement homes - Public buildings – Home cinema – Game room – Reception area

Linen

INEN 9161 04 39

Vinacoustic Linen

This collection borrows from traditional linen the originality of the raw material, but also its delicacy and its comforting softness. The subtle emboss with its charming finesse asks to be touched. It adds warmth to your interior, adorning your walls with a fine and comfortable textile-look. Understated, this Linen decor creates a classic and timeless ambiance to suit all spaces

Easy to look after and hygienic
Acoustic comfort : aw 0.25 - NRC 0.25*

Polyform Gallery

PFYR 9163 04 12

Polyform Gallery

This collection surprises by combining tradition and modernity: a contemporary yesteryear bringing together a genuine linen material and a modern 3D embossing.

The majestic Gallery design is set apart with its vertical XL dimension, particularly effective for high ceilings. The design is composed of embossed vertical and slanting lines of different sizes, catching the light and revealing different facets. The straight lines and energy of this design are in perfect harmony with the soft comforting suppleness of the Linen

Abaca

ABAC 9039 02 43

Vinacoustic Abaca

This wallcovering is inspired by the Indonesian vegetal fibre known for its strength, which has many uses including bulk bags, fishing nets or artisanal products such as bags, rugs, clothes and furniture.

The pigmentation of the fibres when woven give the textile a subtly mixed shading, creating horizontal patterns similar to wild silk.

Polyform Quilted Leather

PFYL 9149 11 17

Polyform Quilted Leather

By combining pressure and heat, this soft, thick, composite wallcovering changes shape, creating a 3D decor.

This wallcovering with the grain and feel of leather is available in 9 colours, its pattern is inspired by the quilted finish of leather goods. A fine pattern with a sober yet sophisticated personality, classic and easy to coordinate.

Katsura

KATS 9136 07 02

Vinacoustic Katsura / Katsura Reflect

These 2 collections make reference to the Japanese gardens and the architecture of the Katsura Imperial Villa, a wallcovering made of fine plant slats plaited vertically, which are used as the basis for decorating Japanese walls.

Urban

9054 25 02

Vinacoustic Urban

Urban reflects the tone-on-tone nuances of a raw concrete wall as well as the effect of vertical framing. This design exhibits a raw, minimalist and designer style. It is available in a palette of 5 tones that capture the original shades of concrete.

Tivoli

9054 15 29

Vinacoustic Tivoli

A decor inspired by concrete, like a raw mineral, minimal and architectural. A claim for minimalist aesthetics, contemporary as much as authentic. This covering has an extremely matte finish and a deep texture, making it highly realistic and adding relief to your walls. A three-tone printing process enhances the feeling of depth.

Eos *Polyform*

Vertigo | PFVY 9152 07 22

Eos Polyform

By combining pressure and heat, the supple and heavy Eos acoustic wallcovering takes shape, creating a 3D decor. This process, called “moulding” renews the surface of the wallcovering, revealing shapes and decors which have been, until now, restricted to furnishing materials. Tone-on-tone in 7 shades, the Vertigo design with its ton on ton stripes is restrained, calm and easy to coordinate, while still defining the decoration of the room.

Eos Color

EOSC 9104 11 32

Eos Color

A top-quality acoustic wallcovering, combining acoustic performance, quality materials with its suede textile surface, in addition to a classic and timeless look making it ideal for all types of areas.

Eos Color offers an enlarged colour palette of 18 references, with crisp colours, covering essential neutrals in beiges and greys, lifted with bright and sparkling colours, and completed with natural shades. How the suede catches the light and its texture make the colours appear deeper and more velvety, amplifying the appearance of comfort.
